

# Collect a Story!

Lady Gregory loved to collect stories from the people in her community. She particularly loved collecting stories from older people who could tell her exciting stories from years ago.

Do you have an older neighbour, grandparent or family friend who you could speak to on the phone? Choose one older person that you know and ask them to tell you a story from their childhood.

Listen to their story carefully and try to remember the details. Have your paper and pencil ready so that after the call you can write down their story, just like Lady Gregory used to do!

They may have lots of stories to tell you – if they do, you can choose your favourite one to collect!

## Write the story you collected in the lines below
